WHITE ADJUSTABLE FIXTURES

Factory Ceiling Pendants

Style IXK

Style IXKK

STYLE IXK PENDANT

This style of pendant has full range of movement in every direction, and is especially designed for use over drafting tables and in stock and packing rooms where the principal adjustments are on a vertical plane. The middle arm gives the fixture range over a great area. Cord runs through all three arms insuring perfect protection. The disk joint is fitted with a powerful compensating spring which nicely balances the whole. Prices are for black finish only, and do not include shades, sockets or wiring.
